The Court of First Instance of the European Communities,

On a proposal from the President of the Court of First Instance,

Having regard to the Rules of Procedure adopted on 2 May 1991 and in particular Article 23 thereof,

Has laid down the following:

### INSTRUCTIONS TO THE REGISTRAR

#### Article 1

##### The tasks of the Registrar

The Registrar shall be responsible for the maintenance of the register of the Court and the files of pending cases, for the acceptance, transmission, service and custody of documents, for correspondence with the parties and third parties in relation to pending cases, and for the custody of the seals of the Court. He shall ensure that registry charges are collected and that sums due to the Court treasury are recovered. He shall be responsible for the publications of the Court.

#### Article 2

##### Opening hours of the Registry

1. The offices of the Registry shall be open to the public every working day.

All days other than Saturdays, Sundays and the official holidays on the list referred to in Article 101(2) of the Rules of Procedure shall be working days.

If a working day as referred to in the previous subparagraphs is a holiday for the officials and servants of the institution, arrangements shall be made for a skeleton staff to be on duty at the Registry during the hours in which it is normally open to the public.

2. The Registry shall be open to the public at the following times:

— in the morning, from Monday to Friday, from 9.30 a.m. to 12 noon,

— in the afternoon, from Monday to Thursday, from 2.30 p.m. to 5.30 p.m. and, except during the vacations provided for in Article 34(1) of the Rules of Procedure, on Fridays from 2.30 p.m. to 4.30 p.m.

The Registry shall be open to the public half an hour before the commencement of a hearing.

3. When the Registry is closed, procedural documents may be validly lodged with the janitor at the entrances to the Court buildings at any time of the day or night. The janitor shall make a record, which shall constitute good evidence, of the date and time of such lodgment and shall issue a receipt upon request.

#### Article 3

##### The register

1. Judgments and orders as well as all the documents placed on the file in cases brought before the Court shall be entered in the register.
2. Entries in the register shall be numbered consecutively; they shall be made in the language of the case and contain the information necessary for identifying the document, in particular the date of registration, the number of the case and the nature of the document.
3. Where a correction is made to the register, a note to that effect shall be made therein.

If the register is kept in electronic form, it must be designed in such a way that no registration can be deleted therefrom and that any subsequent amendment to, or rectification of, an entry therein is discernible.

4. The registration number of every document drawn up by the Court shall be noted on its first page.

A note of the registration, indicating the registration number and the date of entry in the register, shall be stamped on the original of every procedural document lodged by the parties and on every copy which is notified to them. This note shall be in the language of the case. The note made on the original of the procedural document shall be signed by the Registrar.

5. When a document is not entered in the register on the same day on which it is lodged, the date of lodgment shall be entered in the register and stamped on the original and on the copies of the procedural document concerned.

6. For the purposes of the application of the previous paragraph, the following dates shall be taken into account, depending on the circumstances: the date on which the procedural document was received by the Registrar or by a Registry official or employee, the date referred to in Article 2(3) or, in the cases provided for in the first paragraph of Article 47 of the EC Statute of the Court of Justice, the first paragraph of Article 47 of the ECSC Statute of the Court of Justice and the first paragraph of Article 48 of the EAEC Statute of the Court of Justice, the date on which the procedural document was lodged with the Registrar of the Court of Justice.

## **Article 4**

### **The case number**

1. When an application initiating proceedings is registered, the case shall be given a serial number preceded by 'T-' and followed by an indication of the year.

Applications for interim measures, applications to intervene, applications for rectification or interpretation of judgments, applications for revision or initiating third-party proceedings, applications for the taxation of costs and applications for legal aid relating to pending cases shall be given the same serial number as the principal action, followed by a note to indicate that the proceedings concerned are special forms of procedure. An action which is preceded by an application for legal aid in connection therewith shall be given the same case number as the latter. Where the Court of Justice refers a case back to the Court of First Instance following an appeal, that case shall keep the number previously given to it when it was before the Court of First Instance.

2. The serial number of the case together with the names of the parties shall be indicated on the procedural documents, in correspondence relating to the case and, without prejudice to Article 17(4) of these Instructions, in the publications of the Court of First Instance.

## **Article 5**

### **The file and access to the file**

1. The case-file shall contain the originals, including their annexes, of the procedural documents produced by the parties, with the exception of those whose acceptances is refused pursuant to Article 6 of these Instructions, the decisions taken in the case, including any decisions relating to refusal to accept documents, reports for the hearing, minutes of the hearing, notices served by the Registrar and any other documents or correspondence to be taken into consideration in deciding the case.

If in doubt the Registrar shall refer the question whether a document is to be placed on the case-file to the President in order for a decision to be taken.

2. The documents contained in the file shall be given a serial number.

3. The lawyers or agents of the parties to a case before the Court or persons duly authorised by them may inspect the original case-file, including administrative files produced before the Court, at the Registry and may request copies or extracts of procedural documents and of the register.

Lawyers or agents of intervening parties once granted leave to intervene and lawyers or agents of all the parties to joined cases shall have the same right of access to case-files, subject to the provisions of paragraph 4 relating to the confidential treatment of certain matters or documents on the file.

No third party, private or public, may have access to the case-file or to the procedural documents without the express authorisation of the President, after the parties have been heard. That authorisation may be granted only upon written request accompanied by a detailed explanation of the third party's legitimate interest in inspecting the file.

4. An application by a party for certain matters or certain documents on the file to be treated confidentially must be made by a separate document. The application must specify the confidential matters or passages, explain why each matter or passage concerned is confidential and be accompanied by a copy of the pages concerned of the pleading or annex in question, with an indication of the matters or passages in respect of which confidential treatment is requested.

If certain matters or certain documents on the file are accorded confidential treatment, the Registrar shall, where necessary, request the parties to produce, in accordance with the decision of the Court, non-confidential versions of their pleadings together with the number of certified copies required by Article 43(1) of the Rules of Procedure.

The confidential and non-confidential versions of procedural documents shall be kept in separate sections of the file. Access to the confidential section of the file shall be confined to the parties in respect of whom no confidential treatment has been ordered.

5. At the close of the proceedings, the case-file shall be closed and bound. The closed file shall contain a list of the documents on the file, an indication of their number, and a cover page showing the serial number of the case, the parties and the date on which the file was closed.

## **Article 6**

### **Non-acceptance of documents and regularisation**

1. The Registrar shall ensure that documents placed on the file are in conformity with the provisions of the Statutes of the Court of Justice, with the Rules of Procedure, with any practice directions adopted by the Court of First Instance and with these Instructions. If necessary, he shall allow the parties a period of time for making good any formal irregularities in the documents lodged.

2. The Registrar shall refuse to register pleadings or procedural documents which are not provided for by the Rules of Procedure. If in doubt the Registrar shall refer the matter to the President in order for a decision to be taken.

3. Without prejudice to Article 43(6) of the Rules of Procedure, concerning lodgment of documents by telefax or other technical means of communication, the Registrar shall accept only documents bearing the original signature of the party's lawyer or agent.

The Registrar may request the lodgment of a lawyer's or agent's specimen signature, if necessary certified as a true specimen, in order to enable him to verify that the first paragraph of Article 43(1) of the Rules of Procedure has been complied with.

4. Documents annexed to a pleading or procedural document shall be accepted only if the document in question is mentioned in the body of the pleading or procedural document and appears in a schedule of annexes, as provided for by Article 43(4) of the Rules of Procedure. The schedule of annexes must indicate the annex numbers and the dates and nature of the documents annexed.

If the party concerned fails to make good the irregularity, the Registrar may refuse to accept annexes not in conformity with the provisions of this paragraph.

5. Save in the cases expressly provided for by the Rules of Procedure, the Registrar shall refuse to accept pleadings or procedural documents of the parties drawn up in a language other than the language of the case.

Where documents annexed to a pleading or procedural document are not accompanied by a translation into the language of the case, the Registrar shall require the party concerned to make good the omission if the translation appears necessary for the efficient conduct of the proceedings.

Where an application to intervene originating from a third party other than a Member State is not drawn up in the language of the case, the Registrar shall require the application to be put in order before it is placed on the file and served on the parties. If, however, a version of such an application drawn up in the language of the case is lodged within the period prescribed for this purpose by the Registrar, the date on which the first version, not in the language of the case, was lodged shall be taken as the date on which the document was lodged for the purposes of registration.

6. Each copy of any procedural document which the parties are required to produce by virtue of Article 43(1) of the Rules of Procedure must bear a note, signed by the lawyer or agent of the party concerned, certifying that the copy is a true copy of the original of the document concerned.

7. Where a party challenges the Registrar's refusal to accept a document, the Registrar shall submit the document concerned to the President for a decision on whether it is to be accepted.

## **Article 7**

### **Presentation of originating applications**

1. Where the Registrar considers that an application initiating proceedings is manifestly not in conformity with Article 44(1) of the Rules of Procedure, he shall suspend service of the application in order that the Court may give a decision on the admissibility of the action.

2. For the purposes of the production of the document required by Article 44(3) of the Rules of Procedure certifying that the lawyer acting for a party or assisting the party's agent is entitled to practise before a court of a Member State, reference may be made to a document previously lodged at the Registry of the Court.

3. Documents to be produced by virtue of Article 44(5)(a) and (b) of the Rules of Procedure in the case of an application made by a legal person must include the authority granted to the lawyer, signed by a representative of that legal person authorised for the purpose, as well as evidence establishing the existence in law of the legal person and the power of the authority's signatory to act in the name of the legal person.

## Article 8

1. The Registrar shall, in accordance with Article 36(1) of the Rules of Procedure, arrange for everything said or written in the course of the proceedings to be translated, at the request of a Judge, an Advocate-General or a party, into the language of the case or, where necessary, into another language as provided for in Article 35(2) of the Rules of Procedure. Where, for the purposes of the efficient conduct of the proceedings, a translation into another language, as provided for in Article 35(1) of the Rules of Procedure, is necessary, the Registrar shall also arrange for such a translation to be made.
2. The Registrar shall prescribe the periods within which institutions which are parties to proceedings are to produce the translations provided for by Article 43(2) of the Rules of Procedure.

Service shall be effected, in accordance with Article 100(1) of the Rules of Procedure, either by the dispatch by registered post, with a form for acknowledgment of receipt, of a certified copy of the original of the document to be served or by personal delivery of such copy to the addressee against a receipt. If need be, the certified copy shall be prepared by the Registrar.

The copy of the document shall be accompanied by a letter specifying the case number, the register number and a brief indication of the nature of the document. The signed original of that letter shall be kept on the case-file.

2. Provided that the addressee concerned has an address for service in Luxembourg, documents shall be served on the person authorised to accept service.

3. Where, in accordance with the second subparagraph of Article 44(2), a party has consented to the dispatch to him of notifications by telefax or other technical means of communication, service shall be effected, in accordance with Article 100(2) of the Rules of Procedure, by the transmission by those means of a copy of the document to be served.

However, judgments and orders of the Court of First Instance and documents which, for technical reasons or on account of their nature or length, cannot be transmitted by those means shall be served in accordance with paragraph 1 above. Where the addressee has not stated an address for service in Luxembourg, he shall be informed of such service by the transmission by telefax or other technical means of communication of a copy of the letter accompanying the document to be served and drawing his attention to the provisions of the second subparagraph of Article 100(2) of the Rules of Procedure.

The form for acknowledgment of receipt, the receipt, the proof of posting of the registered letter in Luxembourg or a document establishing the dispatch by telefax or other technical means of communication shall be kept in the case-file together with the copy of the letter addressed to the person upon whom service was to be effected.

5. If, owing to the length of a document, only one copy is annexed to a procedural document lodged by a party or if, for other reasons, copies of a document or an object lodged at the Registry cannot be forwarded to the parties, the Registrar shall inform the parties accordingly and indicate to them that the document or

object in question is available to them at the Registry.

3. The Registrar may extend the time limits prescribed, in accordance with the authority accorded to him by the President. When necessary, he shall submit to the President proposals for the extension of time limits.

Applications for extensions of time limits must be duly reasoned and be submitted in good time before the expiry of the period prescribed. A time limit may not be extended more than once save for exceptional reasons.

In the procedures referred to in Article 104 to 110 of the Rules of Procedure, applications, written observations, applications to intervene and other procedural documents may be submitted by means of telefax transmission or other technical means of communication followed by the sending of the original document.
2. The Registrar may send messages and serve documents by all appropriate means which urgency requires, and in particular by means of facsimile transmission; in the event of facsimile transmission, the Registrar shall nevertheless ensure that the facsimile transmission is followed by a dispatch in the manner prescribed by Article 100 of the Rules of Procedure.
